LINEAR TILE TRAY

**MORE
THAN
DRAINAGE**

**A REFINED SOLUTION
FOR MODERN SPACES**

WEB EDITION SEPTEMBER 2026

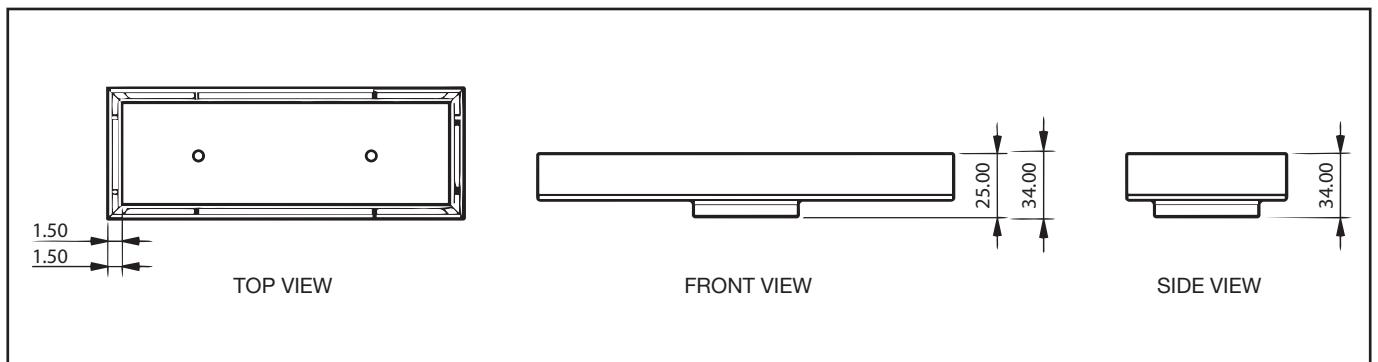

DESIGN WITHOUT COMPROMISE

Every detail matters. The SANSICO™ Linear Tile Tray transforms drainage from a functional necessity into a refined architectural feature.

Its sleek linear form creates visual continuity across the floor, allowing premium tiles and surrounding materials to take centre stage.

Crafted with precision and meticulous attention to detail, every Linear Tile Tray embodies a balance of refined aesthetics, lasting performance, and enduring elegance.

TECHNICAL DRAWINGS

BUILT WITH PURPOSE.
DESIGNED TO LAST.

KEY FEATURES

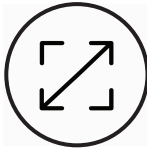

Premium 304 Stainless Steel
Durable and corrosion - resistant for lasting performance

25mm Collar Height
Designed for secure waterproofing and seamless tile integration.

Fully Integrated Handle
Designed for effortless access, cleaning and maintenance.

Customisable Dimensions
Available in various sizes to suit project requirements.

BUILT TO YOUR DIMENSIONS

Available in standard sizes with custom dimensions to meet unique project requirements. For use with the SANSICO™ Floor Trap system (using a 4" pipe sleeve), a minimum tray width of 120 mm or above is recommended to ensure proper compatibility and installation.

Width (mm) X Length (mm)				
70 x 600	80 x 600	90 x 600	100 x 600	120 x 800
70 x 700	80 x 700	90 x 700	100 x 700	120 x 900
70 x 800	80 x 800	90 x 800	100 x 800	120 x 1000
70 x 900	80 x 900	90 x 900	100 x 900	120 x 1100
70 x 1000	80 x 1000	90 x 1000	100 x 1000	120 x 1200
	80 x 1100	90 x 1100	100 x 1100	
	80 x 1200	90 x 1200	100 x 1200	

DRAINAGE
REIMAGINED

ABOUT US

Sansico Industries Sdn Bhd has built a strong reputation as a trusted provider of high-quality drainage solutions for the construction industry. Driven by our commitment to innovation, quality, and customer satisfaction, we continuously invest in research and development to deliver products that combine durability, reliability, and practical design.

With years of experience in developing advanced floor drainage systems, Sansico™ continues to push the boundaries of product innovation by creating solutions that address real industry needs. Our Linear Tile Tray represents this commitment, offering a refined drainage solution that seamlessly blends functionality with modern architectural aesthetics.

Designed with precision and manufactured to meet high standards, Sansico™ products are trusted across a wide range of applications, including residential, commercial, and hospitality developments. Through continuous improvement and a passion for excellence, we remain dedicated to providing innovative solutions that enhance the quality and design possibilities of modern spaces.

Sansico™ continues to move forward as a reliable partner for architects, designers, contractors, and customers by delivering products that reflect our values of quality, innovation, and lasting performance.
